

Sprint Plan # 8

Context: Tools for Software Engineering

Group: Rubber Duck Debuggers

User Story	Task	Member responsible for the task	Task Assigned To	Estimated Effort per Task (per assignee)	Priority (A-E)
As a user I want to have a user story So that the planning looks professional	#128 <i>Determine which options we actually want to use</i>	Youri	All, during a meeting on Tuesday	1	A
	#129 <i><u>Implement</u> the options that we actually want to use</i>	Youri	Youri	3	B
As a student I want a good report So that I can get a good grade	<i>Finish off final report [draft] <u>document</u></i>	Mitchell	Mitchell	3	B
	#142 <i>Finalize code: remove TODOs</i>	Robin	Robin	2	A
	<i>Finish off ADD [final] <u>document</u></i>	Mitchell	Mitchell	2	A
As a developer I want to collect sufficient and diverse data So that I can deduce reliable information and useful advice	#134 <i><u>Implement</u> that the entire DOM tree is pushed to the server on specific events</i>	Maarten	Maarten	4	A
	#137 <i>Update the DatabaseAdapter for Keystroke (keydown and keyup have been changed)</i>	Maarten	Maarten	1	A
	#135 <i><u>Implement</u> ScrollIntoView and ScrollOutOfView EventBindings</i>	Mathias	Mathias	3	D
	#140 <i><u>Implement</u> raw data TabChange event somewhere in the MainController</i>	Youri	Youri	1	B
As a user I want to be able to use the default settings easily	#136 <i><u>Implement</u> defaults settings button</i>	Mitchell	Mitchell	1	C
As a developer I want to see what we can achieve outside the scope of the project	<i><u>Implement</u> a proof-of-concept for SonarQueb</i>	Robin	Robin	3	E
As a developer I want the user to be notified when the extension fails So the user can either reset the extension or contact the developer team	#102 <i><u>Implement</u> that the error status is set on the right moments</i>	Maarten	Maarten	1	C
As a developer I want an integrated visualization application	#138 <i><u>Implement</u> getting the username from the context</i>	Mathias	Mathias	2	A
As a user I don't want the extension to influence the performance of my browser.	#141 <i>Run performance test</i>	Robin	Robin	1	A

The baseline for the relative estimated effort is “Implement reset to defaults button”, as this task is the smallest task.

In addition to this document, we’ve provided a ‘Definition of Done’ in the Product Planning document in order to be precise on when to consider a task as done. The types of the tasks have been underlined. We’d like to refer the reader to this document, if any of the provided tasks above is not entirely clear yet.

Member	Total estimated effort per member
Maarten	6
Mathias	5
Mitchell	6
Robin	6
Youri	5
